

## GKR-J-S-100 NEK/K M12 301760

**Product type:** Swivel castors with brake  
**Product group:** Tango

The Tango equipment castor is suitable for environments where features like stainless material, conductivity or non-magnetic. The smoothly rolling and maintenance-free Tango is manufactured of glassfibre-reinforced polyamide. With its perfect design, the Tango castor is easy to clean and suitable for most environments. Tango is the right choice, whether the environment is a hospital, rehabilitation centre, institutional kitchen, restaurant, shop, office, public facility or factory.

### Technical data

|                                                                                     |                                 |            |
|-------------------------------------------------------------------------------------|---------------------------------|------------|
|  | Wheel diameter (mm):            | 100        |
|  | Wheel width (mm):               | 32         |
|  | Load capacity (kg):             | 80         |
|  | Overall height (mm):            | 141        |
|  | Swivel radius (mm):             | 95         |
|  | Threaded stem diameter x len... | 12X16      |
|  | Brake control:                  | Individual |

**Sh A** Hardness of the tread (shore A):60

|                                                                                     |                  |                      |
|-------------------------------------------------------------------------------------|------------------|----------------------|
|  | Centre material: | Polyamide            |
|  | Bearing type:    | Ball bearing         |
|  | Fitting:         | Threaded stem        |
|  | Weight (kg):     | 0.477                |
|  | Brake type:      | Total-stop brake     |
|  | Tread material:  | Elastic solid rubber |
