

E-100 PTE 200303

Product type:	Swivel castors
Product group:	Equipment castors

Manner's equipment castor selection offers a diverse range of high-quality, durable and smooth running castors. The castors are designed to have a structure that is both durable and stylish. They are also highly reliable and safe. The forks are made of galvanised steel, and there is a variety of wheel options available depending on the application and operating conditions. The castors are available with a single action brake or total-stop brake, depending on the model.

Technical data

 Wheel diameter (mm):	100
 Wheel width (mm):	23
 Load capacity (kg):	50
 Overall height (mm):	125
 Swivel radius (mm):	88
 Weight (kg):	0.282
 Tread material:	Thermoplastic rubber

Sh A Hardness of the tread (shore A):	80
 Centre material:	Polypropylene
 Bearing type:	Plain bearing
 Fitting:	Bolt hole
 Bolt hole diameter (mm):	10
 Fork material:	Steel
